

A HOME TO SPARK HER DREAMS
AND GIVE LIFE TO HER FUTURE.

IN ELEMENTARY SCHOOL, SHE GREW. IN HIGH SCHOOL, SHE WILL BECOME.

Within this space, she will blossom: from child to young woman, from spark to strength.

It is here that the seeds of her future will take root, take hold, take shape.

And so it is not merely a space.

It is a world within a world – meticulously conceived, designed, and fashioned to support every facet of her development as she embarks on this most precious transformation.

WHEN SHE
ENTERS TMM,
SHE LEAVES
THE WORLD
BEHIND
AND OPENS THE
DOOR TO ANOTHER.

It begins in the lobby. An
expanse of warmth laced
with sophistication. An inviting
welcome – with an irrepressible
air of possibility.

What will today hold?

MAGICAL MOMENTS HAPPEN HERE

AS SHE RUSHES
TO CLASS,
SHE'S SWEEPED
ALONG WITH
THE TIDE.

Yet amidst the crowd
there lies connection:
hugs and laughter, warm
greetings from teachers
and friends.

INSIDE HER CLASSROOM,

she's at once an integral part and an invaluable whole – recognized not only for all she contributes, but for all she is and can be.

ON BEAUTIFUL ROOFTOP TERRACES,

in indoor lounges, and within tucked-away quiet sitting areas, she relaxes and unwinds, engaging in the give and take of friendship that builds her.

INSPIRATION IN EVERY CORNER

At TMM, learning is never confined to the classroom.
It is vibrant, magnetic, all-encompassing; it is life itself.

IN THE LIBRARY COLLABORATIVE SPACES INVITE DYNAMIC RESEARCH AND DISCUSSION

IN THE STEM LAB A BRIGHT, FOCUSED WORKSPACE BREATHES LIFE INTO HANDS-ON DISCOVERY

IN THE SEWING ROOM A HUM OF ACTIVITY: WHERE SIMPLE THREAD AWAKENS THE PROFOUND POWER OF CREATIVITY

IN THE COMPUTER LAB ADVANCED SKILLS TRAINING OPENS DOORS TO LIMITLESS OPPORTUNITY

ONE HEARTBEAT, ONE WHOLE

TMM is defined by hundreds of individual journeys.
Yet at cherished moments, they converge – to form
a shared journey that is even stronger.

INSIDE THE AUDITORIUM,

the entire school comes together, experiencing the power of tefillah, the power of song, the power of words that uplift and inspire.

And as each girl grows, she will not only learn, but share: giving expression to all she has absorbed through student-led programs, presentations, and performances.

INSIDE THE EXTRACURRICULAR ROOM,

the focus narrows: a space
where classes from individual
grades can join for interactive,
thought-provoking sessions.

IN THE GYM,

girls gather for lunch with friends, exercise, and play. Ingeniously designed with foldable walls that transform the floor into a single expansive space that can hold the entire student body and more.
